## **8. CONDITION OF THE SUBLEASED PREMISES**

- a) The Sublessee acknowledges that it has inspected or has had the opportunity to inspect the Property and accepts the condition and state of repair of the Property. The Sublessee understands and agrees that the Property and any part thereof is subleased "AS IS" and "WHERE IS" without any representation,

warranty, or guarantee by Sublessor as to quantity, quality, title, character, condition, size, or kind, or that the same is in condition or fit to be used for the purpose(s) intended by the Sublessee, and no claim for allowance or deduction upon such grounds will be considered. Other than the obligations of Sublessor set forth in Paragraph 6(a) and 9(b), Sublessor shall be under no duty or obligation to make any repairs or alterations to the Subleased Premises.

b) The Sublessor and the Sublessee have jointly conducted an inventory and condition survey of the Subleased Premises, to include the environmental condition, prior to the Effective Date. Preceding expiration, revocation or termination of this Sublease, the Sublessor and the Sublessee will jointly conduct a close-out survey. All significant variances from the initial Condition Survey shall be clearly documented in the close-out report. This close-out report will constitute the basis for settlement by the parties for any subleased property shown to be lost, damaged, contaminated, or destroyed during the Term, in determining any environmental restoration requirements to be completed by the Sublessee and restoration of the Subleased Premises as required in the condition on RESTORATION.

c) No warranties either express or implied are given with regard to the condition of the Subleased Premises, including, without limitation, whether the Subleased Premises does or does not contain asbestos or lead-based paint. The Sublessee shall be deemed to have relied solely on its own judgment in assessing the overall condition of all or any portion of the Subleased Premises, including, without limitation, any asbestos, lead-based paint, or other conditions on the Subleased Premises. The failure of the Sublessee to inspect, or to exercise due diligence to be fully informed as to the condition of all or any portion of the Subleased Premises offered, will not constitute grounds for any claim or demand against FMERA.

## **9. CERTIFICATE OF OCCUPANCY/CODE COMPLIANCE**

a) Subject to the obligation of Sublessee to pay all costs and expenses related to any improvements to the Subleased Premises that Sublessee may undertake pursuant to Section 38 of this Sublease, Sublessor shall be responsible to cause the Borough of Oceanport to issue a Certificate of Occupancy for Sublessee's use of the Subleased Premises.

b) Sublessor shall cause the HVAC, power and fire alarm systems for the Subleased Premises to be code compliant as of the Rent Commencement Date.

## **10. UTILITIES**

a) Sublessor shall provide and maintain the infrastructure that supplies water, sewer and electric service to the Subleased Premises, either directly from utility companies or indirectly through existing Army-owned infrastructure. Sublessor shall not charge Sublessee any fee or charge above the rates or charges billed by the water utility company for utility service provided to the Subleased Premises.

b) Sublessee shall establish accounts with JCP&L, New Jersey American Water Company (NJAW) and New Jersey Natural Gas Company (NJNG).

c) The Sublessee shall pay the cost of producing and/or supplying any utilities and other services furnished by the Sublessor or through Army-owned facilities for the use of the Sublessee, including the Sublessee's proportionate share of the cost of operation and maintenance of the Army-owned facilities by which such utilities or services are produced or supplied. The Sublessee has the option of obtaining utility services directly from local utility providers. If utilities are obtained through Army facilities the Sublessee shall install meters at its expense.

## **11. PROTECTION OF PROPERTY**

The Sublessee, at Sublessee's sole cost and expense, shall keep the Subleased Premises and the Personal Property in good order and in a clean, safe condition by and at the expense of the Sublessee. The Sublessee shall be responsible for any damage that may be caused to property of the Army or FMERA during the Term by the activities of the Sublessee and/or its invitees or licensees under this Sublease, and shall exercise due diligence in the protection of all property located on the Subleased Premises against fire or damage from any and all other causes. Any property the Army or of FMERA damaged or destroyed incident to the exercise of the privileges herein granted shall be promptly repaired or replaced by the Sublessee to a condition satisfactory to Sublessor, or at the election of Sublessor, reimbursement made therefor by the Sublessee in an amount necessary to restore or replace the property, except personal property, to a condition satisfactory to the Sublessor.

## **12. INSURANCE**

a) Upon execution of this Agreement by both parties, the Sublessee, shall procure and maintain from a reputable insurance company, or companies, comprehensive liability insurance. The insurance shall provide an amount not less than that which is prudent, reasonable and consistent with sound business practices or an amount not less than a combined single limit of Five Million (\$5,000,000) dollars for any number of persons or claims arising from anyone incident with respect to bodily injuries or death resulting therefrom, property damage, or both, suffered or alleged to have been suffered by any person or persons upon the Subleased Premises or arising from activities conducted under this Sublease.

b) The liability insurance policy shall insure the hazards of the Subleased Premises and operations conducted in and on the Subleased Premises, independent contractors, contractual liability, and shall name FMERA and the Army as insured parties. Each policy will provide that any losses shall be payable notwithstanding any act or failure to act or negligence of the Sublessee or FMERA or any other person; provide that the insurer will have no right of subrogation against FMERA; and be reasonably satisfactory to the Sublessor in all respects. Under no circumstances will the Sublessee be entitled to assign to any third party rights of action that it may have against FMERA arising out of this Sublease.

c) The Sublessee shall require that the insurance company give Sublessor thirty (30) days written notice of any cancellation or change in such insurance. Sublessor may require closure of any or all of the Subleased Premises during any period for which the Sublessee does not have the required insurance coverage. The Sublessee shall require its insurance company to furnish to Sublessor a copy of the policy or policies, or if acceptable to the Sublessor, certificates of insurance evidencing the purchase of such insurance. The minimum amount of liability insurance coverage is subject to revision by the Sublessor every year or upon renewal or modification of this Sublease.

d) As to those structures and improvements on the Subleased Premises, the Sublessee shall procure and maintain at the Sublessee's cost a standard fire and extended coverage insurance policy or policies on the Subleased Premises to the full insurable value thereof. The Sublessee shall procure such insurance from a reputable company or companies. The insurance policy shall provide that in the event of loss thereunder, the proceeds of the policy or policies, at the election of FMERA, shall be payable to the Sublessee to be used for the repair, restoration or replacement of the property damaged or destroyed or of the Subleased Premises, and any balance of the proceeds not required for such repair, restoration or replacement shall be paid to FMERA. If FMERA does not elect by notice in writing to the insurer within sixty (60) days after the damage or destruction occurs to have the proceeds paid to the Sublessee for the purposes herein above set forth, then such proceeds shall be paid to FMERA, provided however that the insurer, after payment of any proceeds to the Sublessee in accordance with the provision of the policy or policies, shall have no obligation or liability with respect to the use or disposition of the proceeds by the Sublessee. Nothing herein contained shall be construed as an obligation upon FMERA to repair, restore or replace the Subleased Premises or any part thereof should it be diminished in value, damaged, or destroyed.

### **13. RIGHT TO ENTER**

The right is reserved to FMERA, its officers, agents, and employees to enter upon the Subleased Premises at any time and for any purpose necessary or convenient in connection with government purposes; to make inspections, to make any other use of the lands as may be necessary in connection with government purposes, and the Sublessee shall have no claim for damages on account thereof against FMERA or any officer, agent, or employee thereof, except as may be authorized under the New Jersey Tort Claims Act or other applicable law. Sublessor will attempt to give a minimum of 24 hours notice prior to entry, but is not obligated to do so during emergencies when there is a potential threat to health, safety, loss of life, or property damage.

### **14. HOLD HARMLESS**

a) Sublessee hereby agrees to indemnify and hold harmless the Sublessor and the Army from and against any and all claims, damages, losses, judgments, liabilities, costs or reasonable expenses whatsoever which the Sublessor or the Army may incur in connection with the performance by the Sublessee of its rights and obligations under or related to this Sublease. The Sublessor agrees that it will give Sublessee prompt notice in writing of any actual or potential claim described above and the institution of any suit or action. The provisions of this paragraph shall survive the expiration or termination of this Sublease.

b) The Sublessee expressly waives all claims against FMERA and the Army for any such loss, damage, personal injury or death caused by or occurring as a consequence of such condition, possession and/or use of the Subleased Premises by the Sublessee, or the conduct of activities or the performance of responsibilities under this Sublease by the Sublessee, except with regard to existing conditions related to munitions or explosives of concern ("MEC") or hazardous substances for which the Army is responsible for under applicable law.

### **15. RESTORATION**

a) On or before the earlier of expiration, revocation, or termination date of this Sublease, the Sublessee and the Sublessor shall prepare an inventory and condition report showing the improvements and related personal property located on the Subleased Premises. This report shall constitute the basis for settlement of RESTORATION obligations under this Condition.

b) The Sublessee and the Sublessor will negotiate which property will be removed by Sublessee; which property will be surrendered to FMERA, with title reverting to FMERA without consideration; the restoration of the Subleased Premises required; and the time allowed for compliance with such actions. The Sublessee will then remove the agreed upon property; restore the Subleased Premises; and vacate the Subleased Premises.

c) If the Sublessee shall fail or neglect to remove said agreed property, then, at the option of the Sublessor, (a) title to said property shall revert to FMERA without compensation therefore, or (b) the Sublessor may cause the property to be removed as restoration of the Subleased Premises, set out in d. below.

d) If the Sublessee shall fail or neglect to restore the Subleased Premises, as agreed, the Sublessor may cause restoration work to be performed. The Sublessee shall pay FMERA on demand any sum which may be expended by FMERA after the expiration, revocation, or termination of this Sublease in restoring the Subleased Premises.

e) No claim for damages against FMERA or its officers or agents shall be created by or made on account of such reversion, removal and restoration, except for such claims as may be authorized under the New Jersey Tort Claims Act or other applicable law.

f) Each worker hired or employed by Sublessee to restore the Subleased Premises shall be paid not less than the prevailing wage rate for the worker's craft or trade, as determined by the Commissioner of Labor & Workforce Development pursuant to the New Jersey Prevailing Wage Act, N.J.S.A. 34:11-56.25 et seq.

## **16. NON-DISCRIMINATION**

The Sublessee shall not discriminate against any person or persons or exclude them from participation in the Sublessee's operations, programs or activities conducted on the Subleased Premises, because of race, color, religion, sex, age, handicap, or national origin.

## **17. SUBJECT TO EASEMENTS**

This Sublease is subject to all existing easements, or those subsequently granted as well as established access routes for roadways and utilities located, or to be located, on the Subleased Premises, provided that the proposed grant of any new easement or route will be coordinated with the Sublessee, and easements will not be granted which will, in the opinion of FMERA, interfere with the use of the Subleased Premises by the Sublessee.

## **18. SUBJECT TO MINERAL INTERESTS**

This Sublease is subject to all outstanding mineral interests. As to federally owned mineral interests, it is understood that they may be included in present or future mineral leases issued by the Bureau of Land Management (BLM) which has responsibility for mineral development on federal lands. The Sublessor

will provide lease stipulations to BLM for inclusion in said mineral leases that are designed to protect the Subleased Premises from activities that would interfere with the Sublessee's operations or would be contrary to local law.

## **19. PROHIBITED USES**

- a) The Sublessee shall not permit gambling or alcohol on the Subleased Premises or install or operate, or permit to be installed or operated thereon, any device which is illegal; or use the Subleased Premises or permit them to be used for any illegal business or purpose. There shall not be conducted on or permitted upon the Subleased Premises any activity which would constitute a nuisance.
- b) The Sublessee shall not construct or place any structure, improvement, leasehold improvement or advertising sign or allow or permit such construction or placement without prior written approval of FMERA and the Army.

## **20. NATURAL RESOURCES**

The Sublessee shall cut no timber, conduct no mining operations, remove no sand, gravel, or kindred substances from the ground, commit no waste of any kind, nor in any manner substantially change the contour or condition of the Subleased Premises except as authorized in writing by the Sublessor.

## **21. ENVIRONMENTAL PROTECTION PROVISIONS**

- a) The Sublessee will use all reasonable means available to protect the environment and natural resources, and where damage nonetheless occurs from activities of the Sublessee, the Sublessee shall be liable to restore the damaged resources. The Sublessee shall not discharge waste or effluent from the Subleased Premises in such a manner that the discharge will contaminate streams or other bodies of water or otherwise become a public nuisance. The Sublessee must obtain approval in writing from FMERA before any pesticides or herbicides are applied to the Subleased Premises, unless a plan for such application has been approved by the Sublessor and all such applications are done pursuant to that plan.
- b) The Sublessee shall be solely responsible for obtaining at its own cost and expense any regulatory or environmental permits required for their operation under the Sublease. The Sublessee shall also be required to obtain its own EPA Identification Number if applicable.
- c) The rights of the Sublessor under this Sublease specifically include the right of the Sublessor to inspect, upon reasonable notice, the Subleased Premises for compliance with environmental, safety, and occupational health laws and regulations, whether or not the Sublessor is responsible for enforcing them. Such inspections are without prejudice to the right of duly constituted enforcement officials to make such inspections. The Sublessor normally will give the Sublessee twenty-four (24) hours prior notice of its intention to enter the Subleased Premises unless it determines the entry is required for safety, environmental, operations, or security purposes. The Sublessee shall have no claim on account of any entries against FMERA or any officer, agent, employee, or contractor thereof, except as may be authorized under the New Jersey Tort Claims Act or other applicable law.

d) The Sublessee acknowledges that it has received a fully executed copy of the Lease between the Army and FMERA. By entering into this Sublease, Sublessee represents that it accepts, assumes and agrees to comply with all of Sublessor's environmental obligations under the Lease.

## **22. NOTICE OF THE PRESENCE OF LEAD-BASED PAINT (LBP) AND COVENANT AGAINST THE USE OF THE PROPERTY FOR RESIDENTIAL PURPOSE**

a) The Sublessee is hereby informed and does acknowledge that all buildings on the Subleased Premises, which were constructed or rehabilitated prior to 1978, are presumed to contain lead-based paint. Building 286 is presumed to contain lead-based paint. Lead from paint, paint chips, and dust can pose health hazards if not managed properly.

b) The Subleased Premises are not being subleased for residential purposes. The Sublessee covenants and agrees that it shall not permit the occupancy or use of any buildings or structures on the Subleased Premises as Residential Property, as defined under 24 Code of Federal Regulations part 35, without complying with this section and all applicable Federal, State, and local laws and regulations pertaining to lead-based paint and/or lead-based paint hazards. Prior to permitting the occupancy of the Subleased Premises where its use subsequent to sublease is intended for residential habitation, the Sublessee specifically agrees to obtain written consent from the Army and, upon receiving written consent, to perform, at its sole expense, the Army's abatement requirements under Title X of the Housing and Community Development Act of 1992 (Residential Lead-Based Paint Hazard Reduction Act of 1992). Sublessee covenants and agrees that it shall manage the Subleased Premises in compliance with all applicable laws and regulations pertaining to lead-based paint and/or lead-based paint hazards and Army Regulation 420-1.

c) The Sublessee acknowledges that it has inspected or has had the opportunity to inspect the Subleased Premises as to its lead-based paint content and condition and any hazardous or environmental conditions relating thereto. The Sublessee shall be deemed to have relied solely on its own judgment in assessing the overall condition of all or any portion of the Subleased Premises, including, without limitation, any lead-based paint hazards or concerns.

## **23. NOTICE OF THE PRESENCE OF ASBESTOS AND COVENANT**

a) The Sublessee is hereby informed and does acknowledge that non-friable asbestos or asbestos containing material (ACM) may be found on the Subleased Premises. The Subleased Premises may also contain improvements, such as buildings, facilities, equipment, and pipelines, above and below the ground, that contain friable and non-friable asbestos or ACM. The Occupational Safety and Health Administration (OSHA) and the U.S. Environmental Protection Agency (EPA) have determined that unprotected or unregulated exposure to airborne asbestos fibers increases the risk of asbestos-related diseases, including certain cancers that can result in disability or death.

b) The Sublessee covenants and agrees that its use and occupancy of the Subleased Premises will be in compliance with all applicable laws and with Army Regulation 420-1.

C) The Sublessee acknowledges that it has inspected or has had the opportunity to inspect the Subleased Premises as to its asbestos and ACM content and condition, and any hazardous or environmental conditions relating thereto. The Sublessee shall be deemed to have relied solely on its own judgment in

assessing the overall condition of all or any portion of the Subleased Premises, including, without limitation, any asbestos or ACM hazards or concerns.

#### **24. OTHER ENVIRONMENTAL RESTRICTION**

a) ALTERATIONS, ADDITIONS AND IMPROVEMENTS TO THE SUBLEASED PREMISES: The Sublessee shall not construct, make or permit any alterations, additions, or improvements or otherwise modify the Subleased Premises in any way which may adversely affect the Army's investigations, restoration, or human health or the environment without prior written consent of the Army. Such consent may include a requirement to provide the Army with a performance and payment bond to it in all respects and other requirements deemed necessary to protect the interests of the Army. Except as such written approval shall expressly provide otherwise, all such approved alterations/additions/modifications shall become government property when annexed to Subleased Premises.

b) INTERFERENCE WITH ON-GOING RESTORATION. The Sublessee shall not disrupt, inflict damage, obstruct, or impede on-going environmental restoration work on the Subleased Premises or anywhere else on Fort Monmouth.

c) ARMY ACCESS CLAUSE. FMERA's rights under this Sublease specifically include the right for Army officials to inspect, upon reasonable notice, the Subleased Premises for compliance with environmental, safety, and occupational health laws and regulations, whether or not the Army is responsible for enforcing them. Such inspections are without prejudice to the right of duly constituted enforcement officials to make such inspections. The Army normally will give the Sublessee twenty-four (24) hours prior notice of its intention to enter the Subleased Premises unless it determines the entry is required for safety, environmental, operations, or security purposes. The Sublessee shall have no claim against FMERA or the Army or any officer, agent, employee, or contractor thereof on account of any entries, except as may be authorized under the Federal Tort Claims Act, State Tort Claims Act or other applicable law.

d) RIGHT OF ACCESS

(1) Pursuant to section 120(h)(3)(A)(iii) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. §§ 9620(h)(3)(A)(iii)), the Army retains and reserves a perpetual and assignable right of access on, over, and through the Subleased Premises, to enter upon the Subleased Premises in any case in which an environmental response action or corrective action is found to be necessary on the part of the Army, without regard to whether such environmental response action or corrective action is on the Subleased Premises or on adjoining or nearby lands. Such right of access includes, without limitation, the right to perform any environmental investigation, survey, monitoring, sampling, testing, drilling, boring, coring, test-pitting, installing monitoring or pumping wells or other treatment facilities, response action, corrective action, or any other action necessary for the Army to meet its responsibilities under applicable laws and as provided for in this instrument. Such right of access shall be binding on the Sublessee and its successors and assigns and shall run with the land.

(2) In exercising such right of access, the Army shall provide the Sublessee or its successors or assigns, as the case may be, with reasonable notice of its intent to enter upon the Subleased Premises and exercise its rights under this clause, which notice may be severely curtailed or even eliminated in emergency

situations. The Army shall use reasonable means, but without significant additional costs to the Army, to avoid and to minimize interference with the Sublessee's and the Sublessee's successors' and assigns' quiet enjoyment of the Subleased Premises. At the completion of work, the work site shall be reasonably restored. Such right of access includes the right to obtain and use utility services, including water, gas, electricity, sewer, and communications services available on the Subleased Premises at a reasonable charge to the Army. Excluding the reasonable charges for such utility services, no fee, charge, or compensation will be due the Sublessee nor its successors and assigns, for the exercise of the right of access hereby retained and reserved by the Army.

(3) In exercising such right of access, neither the Sublessee nor its successors and assigns, as the case may be, shall have any claim at law or equity against FMERA, the Army or any officer, employee, agent, contractor of any tier, or servant of the Army based on actions taken by the Army or its officers, employees, agents, contractors of any tier, or servants pursuant to and in accordance with this covenant. Provided, however, that nothing in this paragraph shall be considered as a waiver by the Sublessee and its successors and assigns of any remedy available to them under the New Jersey or Federal Tort Claims Act. In addition, the Sublessee, its successors and assigns, shall not interfere with any response action or corrective action conducted by the Sublessor on the Subleased Premises.
