June 29, 2010

ADDENDUM

TO

THE REQUEST FOR PROPOSALS FOR PLANNING, ENGINEERING, ARCHITECTURAL, AND ENVIRONMENTAL CONSULTING SERVICES

ISSUED JUNE 10, 2010

BY THE

FORT MONMOUTH ECONOMIC REVITALIZATION PLANNING AUTHORITY

PLEASE TAKE NOTICE: Sealed proposals are due on Tuesday, July 13, 2010 at the offices of the Fort Monmouth Economic Revitalization Planning Authority (the "Authority"), at 2-12 Corbett Way, Eatontown, New Jersey 07724.

This **ADDENDUM** includes Request for Proposals (the "RFP") modifications, informational attachments, written responses to questions presented in writing via e-mail and to questions presented orally at the **Mandatory Pre-Proposal Conference held on June 24, 2010.** All firms that attended the Mandatory Pre-Proposal Conference will be notified by e-mail of the availability of the Addendum. **The Addendum will be made available only at the Authority's website:** www.nj.gov/fmerpa.

The Authority will accept questions related to this ADDENDUM via email only until 5:00 p.m. Eastern Daylight Time on July 6, 2010. Questions should be directed via email to:

Rfq rfpquestions@fmerpa.state.nj.us

A. <u>LIST OF INFORMATIONAL ATTACHMENTS TO THIS ADDENDUM</u>

1. List of Attendees at the Mandatory Pre-Proposal Conference, June 24, 2010.

B. MODIFICATIONS ISSUED BY THE AUTHORITY

All changes are highlighted in boldface and are underlined.

1. Refer to the Cover Page of the RFP.

AMEND the cover page of the RFP to read as follows: "Responses due by 12:00 P.M. EDT on **July 13**, 2010."

2. Refer to the RFP, Section 1.0.

AMEND the second paragraph of Section 1.0 .to read as follows: "The Consultant will be engaged for a term of **up to twelve (12) months**, commencing with the date of appointment which is expected to be on or about <u>September 6</u>, 2010. The Authority reserves the right to extend the term of the engagement for a period of twelve (12) months <u>or to continue to retain the services of the Consultant in accordance with Section 1.1 below.</u>

3. Refer to the RFP, Section 1.0.

AMEND Section 1.0 to insert new Section 1.1 as follows:

"1.1 Possible Additional Services. The firm awarded the contract to provide the services subject to this RFP may also be retained to provide additional services of similar disciplines relative to further advancing the investigative efforts and/or infrastructure assessments described in this RFP. It is understood that the firm may be retained if, in the sole discretion of the Authority or its successor, it is determined that additional services are required and that such procurement is in the best interest of the Authority or its successor. The firm's initial services must be acceptable and satisfactorily completed in order to be considered a candidate to be retained by the Authority or its successor to provide additional services. It is further understood that the Authority or its successor is under no obligation to solicit a proposal and/or retain the firm to provide any such additional services. Hourly billing rates requested as part of the RFP will be utilized as a basis for negotiating a mutually agreeable price for such additional services. An amendment to the contract document will be signed by both parties should the Authority or its successor procure additional services.

3. Refer to the RFP, Section 5.0.

AMEND paragraph 3 of Section 5.0 as follows: "The Authority or its successor reserves the right to hold oral interviews with any or all of the firms submitting Proposals. The Authority or its successor expects to hold oral interviews, if any, on or about July <u>29</u>, 2010. If held, each firm being requested to attend oral interviews will be notified by the Authority or its successor on or about July <u>23</u>, 2010."

4. Refer to the RFP, Section 15.3(2).

AMEND subsection (2) of Section 15.3 as follows: "(2) The firm(s) performing environmental engineering services, planning services, cost estimating services, civil engineering services, and architectural services must have knowledge of the New Jersey market, law and requirements relating to land development and redevelopment. The firms responding to this RFP must have a New Jersey-licensed engineer, a New Jersey-licensed architect and a New Jersey-licensed planner as a member of the project team and must retain a New Jersey-licensed engineer, a New Jersey-licensed architect and a New Jersey-licensed planner as a member of the project team throughout the term of the contract.

5. Refer to the RFP, Attachment #1 - Scope of Services.

AMEND Attachment #1 – Scope of Services, Section II.E to insert the following new paragraph i) to subsection 12: "The project team must include a New Jersey-licensed architect, a New Jersey-licensed engineer and a New Jersey-licensed planner during the course of the engagement. All professional work must be reviewed and approved by a New Jersey-licensed professional."

6. Refer to the RFP, Attachment #1 – Scope of Services.

REPLACE Attachment #1 – Scope Services, Section II in its entirety:

"II.F TIMETABLE

A tentative timetable for the major milestones of this engagement are set forth below. This timeline is subject to change by the Authority or its successor entity, at the Authority's or its successor entity's sole discretion, as events and conditions warrant.

Approval of Appointment of Consultant	On or about August 18, 2010
of Record by Authority Board	
Expiration of Gubernatorial Veto	On or about September 3, 2010
Project Initiation Meeting	On or about September 7, 2010
Project Start Date	On or about September 8, 2010
Interim Report at Authority Board	On or about November 17, 2010
Meeting	
Final Report at Authority Board	On or about January 19, 2011
Meeting	
Project Completion	September 7, 2011

C. <u>QUESTIONS AND ANSWERS PRESENTED AT THE MANDATORY</u> <u>PRE-PROPOSAL CONFERENCE HELD ON June 24, 2010, OR IN</u> WRITING VIA E-MAIL

1. **Question:** Section 14 of the Request for Proposals is entitled "Compliance with State Law Requirements". Please confirm that only the Prime Consultant needs to complete the forms in Attachments 4 - 7; and that subconsultants to the Prime Consultant are not required to submit the forms as part of the response to the RFP. (*Question submitted via e-mail by Peter Koscik, Hatch Mott MacDonald*)

Answer: Only the N.J. Business Registration Certificates are required of subconsultants. Please note that all parties to the potential contract are required to submit all of the forms, this includes all parties in a joint venture.

2. **Question:** In Section 14 of the Request for Proposals is entitled "Compliance with State Law Requirements". Attachment #1, Section II A, 7 - FMERPA refers to various planning guides. Does FMERPA require the Consultant to provide a licensed N.J. Professional Planner? (*Question submitted via e-mail by Peter Koscik, Hatch Mott MacDonald*)

Answer: Please see this Addendum, Section 2, items 4 and 5 above.

3. **Question:** Will a firm that is part of a project team for the Planning, Engineering, Architectural and Environmental Services be allowed to compete for/bid on future work as the Business and Operations Plan Consultant and/or EDC Consultants, or does FMERPA view that as a conflict? (*Question submitted via e-mail by Jeffrey Donohoe, Jeffrey Donohoe Associates LLC*)

Answer: Currently, the Authority does not view this as a conflict. However, this may change based on factual determinations made at the time of the issuance of any future request for proposals.

4. **Question:** It is understood that the Cultural Resources Evaluation Technical Memorandum and the Facilities Assessment Technical Memorandum that have been posted are only partial documents and do not show the full level of assessment that has been completed for each building. Could you release examples showing the level of information and photographs that were assembled for each report? We are not asking to see the entire reports, just examples of the level of work that has already been completed. (*Question submitted via e-mail by John Hatch, Clarke Caton and Hintz*)

Answer: A link to a sample of a facility assessment of one building has been posted to http://www.nj.gov/fmerpa/library/pdf/survey_samples.pdf.

5. Question: The italicized paragraph on p. 21 specifies that the work done under the 2008 Fort Monmouth Reuse Plan and the Sanitary Sewer System Evaluation Plan will not be duplicated under the Planning, Engineering, Architectural, and Environmental Services RFP. Will access to such documentation detailing the work done previously be available so that it can be excluded from the Scope of Services? Is the NEPA documentation available as well?

Answer: Yes, Attachment #3 to the RFP lists those documents which are available on the Authority's website. All documentation associated with the NEPA process, which that has been made available to the Authority by the U.S. Army is available as well. Firms can obtain copies of most of these technical memoranda on CD available for pick-up at the Authority's office, including a complete set of the Sanitary Sewer Evaluation project deliverables, with Pipe Smart files and CCTV Videos. However, some maps and other documentation included within the technical memoranda are considered by the U.S. Army to be confidential and can only be shared with the winning bidder once the winning bidder signs the existing non-disclosure agreement. Note: The paragraph referred to in the question above is a requirement of the United States Department of Defense, Office of Economic Adjustment ("OEA").

6. **Question:** On pages 17 and 18, there are several references to cost estimates that the Authority is requesting. In the buildings that are slated for reuse, is the intention for the Consultant to assume a reuse consistent with the Reuse Plan and estimate the cost to implement that particular reuse in the building. For example, if a building is slated for office space, and the Consultant would estimate the cost of mechanical systems, finishes, etc., to make that building function as office space.

Answer: Yes. There are two potential reasons the buildings listed are on the list in Attachment #2. First, such buildings may be requested to be conveyed to the Local Redevelopment Authority in accordance with the proposed use in the reuse plan. Second, is that such buildings have been or are likely to be of interest to potential tenants in accordance with the proposed use in the reuse plan.

7. **Question:** Can you tell potential bidders the budget for the work to be performed?

Answer: No.

8. **Question:** For the environmental work, does the Authority require a licensed environmental professional or prefer not to have one?

Answer: The answer to this question has been reconsidered since the Mandatory Pre-Proposal Conference. Please see this Addendum, Section 2, items 4 and 5 above.

9. **Question:** If time permits, do potential bidders have access to the buildings prior to submitting a proposal?

Answer: No. Due to U.S. Army Garrison security requirements, it is not possible to facilitate such access to all of the potential bidders. The Consultant engaged pursuant to the RFP will be required to comply with Section 11.0 of the RFP.

10. **Question:** You stated that the planning on the sanitary sewer side would be available. Is there a potable water side component to this proposal?

Answer: Yes. The Authority has several reports provided by the U.S.Army. Some of this information is reflected in Existing Conditions Technical Memoranda which are available on the website. The Authority is asking for an analysis of all of the remaining infrastructure systems (except the sanitary sewer system), potable water system, electrical systems, storm water management systems, access and security systems and communications systems. Given the sensitive nature of the current mission of Fort Monmouth, some of the communications and security infrastructure may not be available for analysis by the Consultant.

11. **Question:** Is there a set-aside small businesses or minority/women owned businesses in this engagement?

Answer: There is no set aside requirement for this procurement. The Authority encourages each firm responding to this RFP to utilize small businesses enterprises as subcontractors. See Section 7.0 of the RFP.

12. **Question:** Can you provide clarification on Attachment #1 – Scope of Services, Section II.C. Is the Authority looking for architectural design guidelines that describe the recommendations in the current reuse plan or a new approach to the plan?

Answer: Both. The Authority is open to recommendations of the Consultant in this area.

13. **Question:** Is AECOM precluded from this procurement or participating as a member of the consulting team?

Answer: No.

14. **Question:** Will CDs of the documents listed in Attachment #3 be made available?

Answer: Yes, please see Attachment #3 of the RFP.

15. **Question:** Using federal/DoD terminology, who and from what organization will comprise the Source Selection Evaluation Board (:SSEB")? Is the SSEB limited to N.J. State employees or will you be offering seats to the members of the FMERPA committees? (*Question submitted via e-mail by Ed Dlugosz, Chairman, Eatontown Environmental Commission*)

Answer: The evaluation committee will consist of Authority staff members.

16. **Question:** While there are listed a number of evaluation critical areas, there is no published prioritization of those areas or "weighted" value assigned to them. Is there such criteria? (*Question submitted via e-mail by Ed Dlugosz, Chairman, Eatontown Environmental Commission*)

Answer: The evaluation criteria is set forth in section 15.3 of the RFP.

17. **Question:** Is the definition of "Level of Employee" meant to be "number of hours" or something else? Please explain what is intended to be in this category. (*Question submitted via e-mail by John Mullen, Gannett Fleming*)

Answer: "Level of Employee" is intended to be the title or position name typically associated with a salary band or hourly rate. Examples would be: Principal; Senior Engineer; Associate Engineer; Draftsman; etc. The Authority will be looking at what "Level of Employee" you might assign a particular task and their hourly rate. A bidder should use your firm's titles so that they can be matched to the team members identified in your Proposal.

Please, there will be absolutely no contact between our staff and you.

Issued by: Frank C. Cosentino

Executive Director

Date: June 29, 2010
