This addendum is being issued to provide the following:

1. Q&A received via email

- a. **Question:** We have a question regarding Section 10.1.D of the RFP. It states that the work plan shall include with it a “schedule which graphically depicts the milestone and benchmark dates for performing each task, for providing reports and presentations and the final recommendations.” Is FMERA looking for a graphic like this for each of the specific tasks in the scope? Please advise.

Answer: This schedule is not required given the indefinite nature of the tasks.

- b. **Question:** Question regarding the \$1 million automobile insurance provision specified in the RFP for Professional Planning Consultant services. [REDACTED] staff planners carry their own automobile insurance at lower limits of liability. Is there any chance that the \$1 million requirement can be waived?

Answer: FMERA will not waive the requirement but we will accept a lower limit of liability at \$500,000
