email.**

Q/A

Question: I have some videos we would like to submit for an upcoming bid. I understand the requirements for the "Offer Submission" but if we included some videos on the Flash Drive we intend to include in the bid, I am assuming you will be able to view the videos on a computer? If so is there a format you would like the videos to be in? We will include the material in PDF format but was also going to include the material in Powerpoint Format as well the videos can be viewable...

Answer: FMERA will accept supplemental materials submitted in conjunction with proposals. You may submit a video in MP4 format for viewing. Please note that a video may not be used in place of any of the required materials outlined in the RFOTP.
