**REQUEST FOR OFFERS TO PURCHASE
FOR
THE SALE OF REAL PROPERTY**

SUMMARY

The Fort Monmouth Economic Revitalization Authority (“FMERA” or the “Authority”), a state authority created pursuant to P.L. 2010, c.10 (N.J.S.A. 52:27I-18 *et seq.*), is responsible for the orderly and comprehensive redevelopment of Fort Monmouth. In furtherance of its mission, FMERA is hereby seeking offers from individuals or entities to acquire property that will be sold by the Authority. This request for offers to purchase (“RFOTP”) is being issued under FMERA’s rules for the sale of real and personal property (N.J.A.C. 19:31C-2, the “Sales Rules”). The purchase agreement between the Authority and the successful Potential Purchaser shall be subject to the terms and provisions of the Sales Rules and the Phase 1 Economic Development Conveyance Agreement (“EDC Agreement”) between FMERA and the U.S. Army. Redevelopment of the property will be subject to the Fort Monmouth Reuse and Redevelopment Plan (the “Reuse Plan”), which operates as the master plan for Fort Monmouth, and FMERA’s land use regulations and design and development guidelines (N.J.A.C. 19:31C-3, the “Land Use Rules”), which serve as the zoning ordinance for the Fort. The Reuse Plan and the Land Use Rules supersede the master plan, the zoning and land use ordinance and regulations, and the zoning map of the Borough of Tinton Falls and Monmouth County development regulations, except for procedures for site plan and subdivision approval.

1.0 PURPOSE

The Authority is requesting offers to purchase (the “Offer”) from qualified individuals or entities (“Potential Purchaser(s)”) interested in purchasing an approximately 31.25± acre parcel of land containing nine buildings (Buildings 2627, 2628, 2704, 2707, 2708, 2709, 2710, 2629, and 2719) totaling approximately 63,919 gsf, located at Pearl Harbor Avenue and Pinebrook Road in the Tinton Falls Reuse Area of the Charles Wood Area of the Fort (“the Property”). The parcel map can be found in Attachment #1 of this RFOTP. In addition to the redevelopment of the Property, the Potential Purchaser will be required to design, fund, and construct a roadway across the Property connecting Pearl Harbor Avenue and Satellite Road to provide access to and from the Fabrication Shops parcel located southeast of the Property. The design of the roadway will be at the Potential Purchaser's reasonable discretion as long as the roadway is designed to accommodate tractor-trailer traffic leaving the Fabrication Shops parcel. If the Potential Purchaser intends to dedicate the roadway as a future right of way, the roadway will be subject to municipal design standards and must be designed accordingly.

The Authority is requesting Bids that are consistent with certain allowable uses set forth in FMERA’s Land Use Rules, or for alternate uses, as more fully described in Section 1.4 below. **Please note that residential uses are specifically excluded.**

The Reuse Plan contemplates the renovation and reuse of Pulse Power (Building 2707) for office or research & development use. Buildings 2719 and 2704 are contemplated for demolition for passive open space. The Pistol Range (Building 2627) is envisioned for reuse as a gun range. The

Police & Fire Training Area is envisioned for reuse as a fire & police training center by state, county or local governmental entities. Given that amendments to the Reuse Plan have substantially changed the land use plan for the Tinton Falls Reuse Area, FMERA will accept Offers that include the reuse or demolition of Buildings 2707, 2708, 2709, 2710, 2719, 2627, 2628, and 2629 the demolition of Building 2704 and the redevelopment of the parcel for office/ research & development, alternate commercial or open space/recreational uses consistent with or complementing the planned uses in the area, but such Offers will require an amendment to the Reuse Plan. Regardless of the use(s) contemplated, all Offers must include adequate parking per FMERA's Land Use Rules.

Offers that include the alternate uses of the Property as described more fully in Section 1.4 below will require an amendment to the Reuse Plan or a "use-type variance". Any Reuse Plan amendment or "use-type" variance is subject to approval by the FMERA Board, in its sole discretion, in accordance with the Land Use Rules.

The Property will be sold "As Is – Where Is."

The minimum purchase price proposal that FMERA will accept for the Property is Four Million Five Hundred Thousand (\$4,500,000.00) Dollars.

1.1 THE PROPERTY

The Property consists of approximately 31.25± acres of land and nine (9) buildings, including administrative and R&D buildings, former training facilities, and a pistol range, located in the Tinton Falls section of the Fort. Pulse Power, Building 2707, is a two-story, 26,476 sf special purpose building constructed in 1988, consisting of 15,690 sf of administrative offices and 10,786 sf of dry lab and testing space. The latter space is divided between two high-bay areas with ceiling heights of approximately 50 ft. Pulse Power is contemplated for renovation and reuse as per the Reuse Plan. The remaining outbuildings, 2708, 2709, and 2710, may be renovated or demolished. However, as described above in Section 1.0, an Offer that entails the Potential Purchaser's demolition of Pulse Power (Building 2707) will require an amendment to the Reuse Plan.

Building 2707, Pulse Power

The Property also includes Buildings 2719 and 2704. Building 2719 is a one-story, special-purpose office building constructed in 2006, consisting of 6,574± sf of administrative offices and 2,448± sf of high bay garage space. Building 2704, also known as the Shake and Bake lab, is a 50-year-old, 6,226± sf former testing facility. Building 2719 and Building 2704 are contemplated for demolition to create passive open space as per the Reuse Plan, however FMERA is willing to consider the reuse of Building 2719 and alternate uses on the Property in place of or in addition to passive open space. However, as described above in Section 1.0, an Offer to reuse Building 2719 or demolish and redevelop the parcel for anything other than open space will require an amendment to the Reuse Plan.

Building 2719

This Property includes a 2.1± acre landfill Carve-out but excludes an abutting electrical substation and additional electrical infrastructure which is owned and operated by Jersey Central Power & Light (“JCP&L”), which will not be conveyed with the Property. A 0.25± acre utility and access easement runs adjacent to the northeast corner of the Property, providing access to the substation from Satellite Drive between Watson Avenue and the substation, which will be maintained by JCP&L for use by JCP&L. An additional JCP&L easement exists to the north of the Property, as more fully described in Attachment #1 of this RFOTP.

Building 2627, an indoor pistol range, and the former Fire and Police Training Area are also located within the Property. Building 2627 is a 10-lane shooting range built in 2006, totaling 11,110 sf. It additionally includes a classroom, kitchen, bathrooms, and a gun cleaning facility. The Pistol Range parcel includes Building 2628, a 5,724 sf warehouse, and Building 2629, a fire training/burn building.

Building 2627 - Pistol Range

Per the Reuse Plan, the Pistol Range (Building 2627) is envisioned for reuse as a gun range and Building 2629 is envisioned for reuse as a firetraining center by state, county or local governmental entities. Based on amendments to the Reuse Plan and the planned, adjacent development, these uses may no longer be the highest and best use of the Property and therefore, FMERA will accept Offers for alternate uses consistent with and complementary to the surrounding development. However, as described above in Section 1.0, an Offer to demolish Building 2627 or reuse and redevelop the parcel for anything other than a shooting range will require an amendment to the Reuse Plan.

In conjunction with the future redevelopment of the adjacent Fabrication Shops parcel, the Potential Purchaser will be required to construct a new roadway that will connect Pearl Harbor Road and Satellite Road.

With the exception of the Carve-out Property, title to the Property is currently held by FMERA. The Army has completed a Finding of Suitability to Transfer, which documents the environmental suitability of the Property for transfer to FMERA consistent with Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”) Section 120(h) and Department of Defense (“DOD”) policy. Pursuant to CERCLA, the Army retains responsibility for any environmental contamination (other than asbestos, lead-based paint, mold, petroleum products and their derivatives, PAHs and commercially-applied pesticides and termiticides) that may be present on the Property as of the date of closing with FMERA.

Potential Purchasers are hereby notified that registered pesticides may have been applied to the Property and may continue to be present. The Army has advised FMERA that where a pesticide was applied it was applied in accordance with its intended purpose and consistent with the Federal Insecticide, Fungicide, and Rodenticide Act (“FIFRA”), 7 U.S.C. § 136, et seq., and other applicable laws and regulations. If the selected Potential Purchaser takes any action with regard to the Property, including demolition of structures or any disturbance or removal of soil that may expose, or cause a release of, a threatened release of, or an exposure to any such pesticide, it would assume all responsibility and liability therefore.

The selected Potential Purchaser will be afforded the opportunity to review the Army’s Finding of Suitability to Transfer and perform its own due diligence investigations prior to closing at its sole cost and expense.

The Army has conveyed title to the Property via quitclaim deed; accordingly, FMERA will also convey title to the Property to the selected Potential Purchaser via quitclaim deed. **FMERA is looking to accelerate closing and redevelopment of the Property to the extent possible. Accordingly, through its evaluation and scoring process, FMERA will give additional consideration to Potential Purchasers that commit to minimizing the time between submission of their Offers and closing on the Property.** See the Evaluation Score Sheet at **Attachment #3** of this RFOTP.

1.2 CARVE-OUT PROPERTY

The Carve-out Property is a 2.1± acre portion of a delineated landfill that the Army will convey to FMERA upon completion of remediation to CERCLA standards. Conveyance of the Carve-out Property will follow sometime after conveyance of the 29.15± acre balance of the Property. The Reuse Plan envisions that the landfill Carve-out Property will be utilized for passive recreational uses, including multi-purpose trails.

Title to the Carve-out Property is currently held by the Army, and FMERA is the contract purchaser through the DOD-approved EDC Agreement with the Army. The Army has developed a plan for the closure of the landfill. The plan for the landfill will be funded and implemented by the Army to CERCLA standards and is expected to include the cutting and clearing of all vegetation; grading of the site; application, compacting and grading of 2 feet of certified clean soil; and planting of vegetation. Upon completion of the closure and subsequent transfer of the landfill to FMERA, Environmental Deed Restrictions will be recorded to delineate future use, maintenance, monitoring and reporting requirements. FMERA will provide any reports or information on the Carve-out Property as made available by the Army via addenda to this RFOTP. The Army maintains responsibility for long term monitoring and maintenance for the landfill, including installation, sampling, and maintenance of monitoring wells if/as needed; routine inspection of cover and stabilization materials; maintenance of cover and stabilization materials, including along stream banks or other bodies of water; completion and submission of biennial reviews to the NJDEP; and completion of five-year reviews under CERCLA to evaluate the protectiveness of the remedy. Long-term monitoring, operation and maintenance obligations will be the responsibility of the Army until such action is no longer needed.

Pursuant to CERCLA, the Army will retain responsibility for any environmental contamination (other than asbestos, lead-based paint, mold, petroleum products and their derivatives, PAHs and commercially-applied pesticides and termiticides) that may be present on the Carve-out Property outside of the delineated and capped landfill as of the date of closing with FMERA. Subject to the Army's prior approval, the selected Potential Purchaser will be afforded the opportunity to perform due diligence investigations on the Carve-out Property prior to closing at its sole cost and expense.

Potential Purchasers are hereby notified that registered pesticides may have been applied to the Carve-out Property and may continue to be present. The Army has advised FMERA that where a pesticide was applied it was applied in accordance with its intended purpose and consistently with FIFRA, 7 U.S.C. § 136, et seq., and other applicable laws and regulations. If the Purchaser takes any action with regard to the Carve-out Property, including demolition of structures or any disturbance or removal of soil that may expose, or cause a release of, a threatened release of, or an exposure to, any such pesticide, it would assume all responsibility and liability therefore.

Copies of the Army's environmental reports relating to the Carve-out Property can be found at www.pica.army.mil/ftmonmouth/.

1.3 PERSONAL PROPERTY

Consistent with federal Base Realignment and Closure ("BRAC") law, FMERA may opt to sell the remaining furniture, fixtures and equipment located within the Property by public auction prior to closing. Any such furniture, fixtures and equipment remaining after completion of the auction(s) will be conveyed in as-is where-is condition.

1.4 DEVELOPMENT OF THE PROPERTY

FMERA seeks to sell the Property to a Potential Purchaser that will use the Property for the allowable uses under the Reuse Plan, or for an alternate use as described below. The Reuse Plan contemplates continued research & development use at the Pulse Power building, the demolition of Buildings 2719 and 2704 for the creation of passive or active open space, and the continued use of the Pistol Range and Fire Training Area, as described above. FMERA will accept Offers for either office and/or research & development or an alternate commercial use consistent with or complementing the planned uses in the area, which may include an array of commercial and light industrial uses. FMERA will not accept Offers that propose the majority of the site be used for warehouse use. Any proposed warehouse uses should be ancillary and limited to less than 25% of the existing or future usable square footage. Additionally, FMERA will not accept Offers that propose heavy industrial uses, other commercial uses that emit potentially disruptive sounds or substances, or temporary or short-term residential facilities unless such temporary or short-term residential facilities are assisted living and/or nursing home facilities. FMERA will also allow for the demolition and redevelopment of the parcel. **Please note that residential uses are also specifically excluded.**

The Property is in the Tinton Falls Mixed-Use Technology Office / R & D Business Campus development district in the Land Use Rules. This district allows for office/research and

institutional uses in a campus-like setting.

Please note, where a proposed development is determined by FMERA to be inconsistent with the Reuse Plan and the land uses in the Land Use Rules, FMERA shall require the adoption of either a Reuse Plan amendment or a “use-type” variance prior to approval of the application for development. FMERA’s Board may amend the Reuse Plan in its sole discretion to accommodate a development concept that is not consistent with the Reuse Plan and Land Use Rules.

1.5 FORT MONMOUTH’S REDEVELOPMENT STATUS

Fort Monmouth consists of 1,127 acres located in the Boroughs of Tinton Falls, Eatontown and Oceanport, New Jersey. Established in 1917 as Camp Little Silver, the Fort served as the home of the Signal Corps, and later CECOM, the Communications and Electronics Command. The Fort was designated for closure in the 2005 BRAC round, and formally closed in September 2011. FMERA entered into the EDC Agreement with the Army in June 2012, and took title to an initial property, a 55-acre tract in Tinton Falls known as Parcel E, in January 2013. FMERA subsequently sold Parcel E to Commvault, one of the nation’s leading data and information management software companies, for construction of a new headquarters complex for the company. Commvault occupied the first building in the complex, a 275,000 sf facility for 900 employees, in late 2014. The company has approvals in hand to develop up to 650,000 sf for an estimated 2,500 employees.

CommVault’s new headquarters located in the Tinton Falls Reuse Area

FMERA acquired the former Patterson Hospital from the Army and sold it to AcuteCare Health System in March 2014. AcuteCare renovated the 100,000 sf building for use as an outpatient health clinic. The facility opened in the 1st Quarter of 2015 and has recently added 81 senior-living units to the property.

FMERA acquired Building 2525 in Tinton Falls from the Army and sold it to RADAR Properties in February 2016. RADAR is leasing approximately 30,000 square feet of the building to Aaski Technology, Inc., a defense contractor and communications engineering firm, and sold the remaining portion of the building to J. F. Kiely, a family of companies offering extensive construction and engineering services.

FMERA acquired the former Building 2290 in Tinton Falls from the Army as part of the Phase I EDC and sold it to Trinity Hall Corporation in March 2016. Trinity Hall renovated the 19,600 sf former child development center building for use as a private high school for girls. The facility opened in September 2016 for the 2016-2017 school year. The school received approvals in January 2018 for its Phase 2 expansion, a two-story edition, which was completed in January 2019 and includes new classrooms, office and administrative space, a multipurpose room, a chapel, and a new entrance lobby.

Last year, the New Jersey Economic Development Authority and FMERA executed an agreement with Robert Wood Johnson/Barnabas Health for the development of a new health care campus of up to 2 million square feet in the Tinton Falls section of the Fort. Located immediately north of the Pulse Power Building on Pearl Harbor Avenue, this proposed project is planned to break ground in early 2020.

In November 2016, FMERA acquired title to Fort Monmouth's Main Post from the Army, and shortly after, FMERA sold 117 historic housing units adjacent to Barker Circle to RPM Development, which renovated the units as for-sale and rental housing. Units went on the market in early 2018. Additional recently sold properties include historic Russel Hall to Tetherview, the Fort Monmouth Fitness Center to FM Partners, the former Fort Monmouth Chapel to Triumphant Life Church, the Dance Hall, the County pool and Teen Center, Parcel C & C-1

FMERA is currently under contract or in negotiations with developers for the sale or lease of nineteen other parcels. Another four parcels, ranging from individual buildings to large land tracts, will be advertised in the second half of this year.

At full buildout in approximately ten years, the Fort is projected to include:

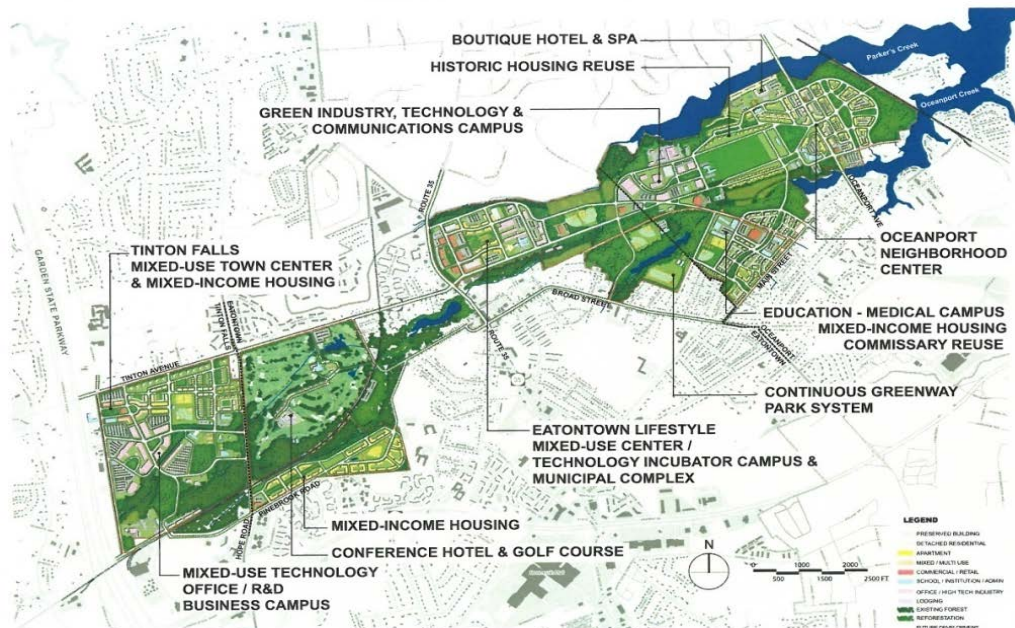

- 1,585 housing units, with over 4,000 new residents
- 300,000 sf of non-profit, civic, government and educational uses
- 500,000 sf of retail space
- 2,000,000 sf of office, research & development and other commercial uses
- 2,000,000 sf of health care facilities

Total development costs are estimated at \$2 billion, generating over 10,000 permanent jobs.

Fort amenities are anticipated to include:

- preservation of over 40% of the Fort's land area as recreational and passive open space
- creation of a system of bicycle lanes, pedestrian paths and multi-purpose trails
- dedication of an interconnected blue/green belt spanning the Fort
- a shuttle system linking the Fort with mass transit, including the Little Silver train station
- improved access to the Garden State Parkway via a new interchange (completed 2017)

In addition to the above, the Fort plans to be home to a bowling alley, performing arts center/theater, golf course and marina among other amenities.

1.6 UTILITIES

Jersey Central Power & Light (JCP&L) has an easement traversing the site from their substation to the Fabrication Shop parcel to the south, which may include vaults, conduit, transformers, and switches. Refer to the map attached for the approximate location of the easement.

FMERA reserves the right to retain certain utility equipment (including but not limited to electrical transformers, electrical vaults, electric distribution equipment, and generators) that may be present on the Property, and that FMERA deems necessary to provide interim or permanent utility service to the Fort. Utility easements, existing and proposed, will be established upon formal survey of the Property.

The Potential Purchaser is responsible for establishing an account with New Jersey Natural Gas Company (NJNG) and Purchaser would need to coordinate with NJNG directly to establish service the site. Electric power, and sanitary sewer service are currently active. Additional sewer connections are available at the Property boundary. Water is currently inactive, but available at the Property's boundaries. The selected Potential Purchaser will be responsible for making any needed improvements or upgrades to utility infrastructure within the footprint of the Property. The selected Potential Purchaser, at its sole cost and expense, will be required to connect to a water main located adjacent to the Property in Pearl Harbor Avenue/Pinebrook Road, and establish metered electric service with Jersey Central Power & Light Company to their specifications.

The Potential Purchaser will also be required to design, fund, and construct a roadway connecting Pearl Harbor Avenue and Satellite Road to provide access to and from the Fabrication Shops parcel located southeast of the Property.

Potential Purchasers should take these requirements into consideration when determining their offer price for the Property.

A successful Potential Purchaser proposing a development that requires more utility service than required by the current and former buildings on the Property will also be expected to contribute toward off-site improvements to the extent required by its proposed development.

1.7 ACCESS

FMERA will grant any reasonably necessary easements for access from the Property to currently existing public roads.

1.8 INFRASTRUCTURE DISTRICT; SALES TAXES

The state statute creating FMERA, P.L. 2010, c.10 (N.J.S.A. 52: 27I-18 et seq.), allows FMERA to create infrastructure districts to support the redevelopment of the Fort. Retail sales within the districts will be exempt to the extent of 50% of the retail sales taxes (except taxes generated from the retail sale of motor vehicles, alcoholic beverages, cigarettes or energy) normally collected by the State of New Jersey, and FMERA may collect a franchise assessment not to exceed the

remaining 50% of retail sales taxes normally collected, to be used by FMERA toward on-site or off-site infrastructure improvements, or parking or transportation facilities, or work that reduces, abates, or prevents environmental pollution, or other improvements that provide a public benefit within or to an infrastructure district. FMERA may, at its Board's discretion, opt to collect less than 50% of normal sales taxes through the franchise assessment, effectively allowing retailers to charge less than the sales tax rate imposed under the New Jersey Sales and Use Tax Act.

The Purchase and Sale & Redevelopment Agreement between FMERA and the selected Potential Purchaser will require that, in the event FMERA creates an infrastructure district that includes the Property within its boundaries, the Potential Purchaser and any tenants operating a retail business on the Property will apply to be a certified retail vendor.

1.9 PREVAILING WAGE REQUIREMENT

Prevailing wage will apply only to the extent that a project includes "public work" as that term is defined in the State Prevailing Wage Act, N.J.S.A. 34: 11-56.25 et seq. or if the applicant receives financial assistance from FMERA, the State or any other State entity. Notwithstanding the foregoing, any work (including but not limited to demolition, renovation or utility work) performed on the Property prior to the transfer of title to the selected Potential Purchaser shall also be subject to prevailing wage requirements. Additionally, any infrastructure improvements installed by the Potential Purchaser on FMERA-owned property or within public rights of way shall also be subject to prevailing wage obligations.

2.0 ADDITIONAL TERMS OF SALE

Pursuant to FMERA's Land Use Rules, all purchasers of real estate on Fort Monmouth must enter into a redevelopment agreement, which FMERA addresses through a combined purchase and sale/redevelopment agreement ("PSARA"). The PSARA will contain the following provisions, which will be covenants running with the land until the redeveloper completes the project:

- i. A provision limiting the use of the property to the uses permitted by the Reuse Plan or an amendment to the Reuse Plan as approved by the FMERA Board and uses permitted by the Land Use Rules;
- ii. A provision requiring the redeveloper to commence and complete the project within a period of time that FMERA deems reasonable; and
- iii. A provision restricting the transfer of the property or the redeveloper's rights under the PSARA prior to completion of the project.

The PSARA will require the redeveloper to guaranty its project commencement and completion and job creation obligations by posting bonds or providing other assurances or penalties. See section 5.1(h) below for additional information regarding job creation requirements.

3.0 PUBLIC INSPECTION OF DOCUMENTS

Due diligence material and documents pertaining to the Property and/or building(s) are available for the review by Potential Purchaser(s) at www.pica.army.mil/ftmonmouth/. Interested Potential Purchasers may also make copies of certain paper documents held by FMERA during normal business hours. **Please note:** FMERA does not warrant the accuracy or completeness of any documents originated by the Army or other sources. Copies of any documents requested that are larger than legal size shall be made at the expense of the Potential Purchaser. A copy of digital files will also be available upon request without charge. Limited materials and documents will be available for review and inspection during the tour referred to in Section 4.0 below.

Materials made available by FMERA for public inspection are offered “as is” and “where is” and they may include pertinent information regarding building plans, the environmental conditions, utility access, and other information related to these facilities. However, FMERA shall not be held responsible or liable for the accuracy or inaccuracy of such information or materials reviewed or obtained. All Potential Purchasers shall be wholly responsible for their own due diligence efforts. Any information obtained by the Potential Purchaser(s) shall become the property of the Authority immediately upon the Potential Purchaser’s submission of its offer and the release of such information by the Potential Purchaser to a third party shall only be made with the written approval of the Authority.

4.0 TOURS

Walk-through tours will commence on October 4, 2019 at 10:00 A.M. The last day to request a walk-through tour of the Property is November 20, 2019 at 4:00 P.M. Please schedule a walk-through tour by contacting Regina McGrade at rmcgrade@njeda.com or 732-720-6350.

INFORMATION AND INSTRUCTIONS

For Completing the “Two-Year Vendor Certification and Disclosure of Political Contributions” Chapter 51 Form

Background Information

On September 22, 2004, then-Governor James E. McGreevey issued E.O. 134, the purpose of which was to insulate the negotiation and award of State contracts from political contributions that posed a risk of improper influence, purchase of access or the appearance thereof. To this end, E.O. 134 prohibited State departments, agencies and authorities from entering into contracts exceeding \$17,500 with individuals or entities that made certain political contributions. E.O. 134 was superseded by Public Law 2005, c. 51, signed into law on March 22, 2005 (“Chapter 51”).

On September 24, 2008, Governor Jon S. Corzine issued E.O. 117 which is designed to enhance New Jersey’s efforts to protect the integrity of procurement decisions and increase the public’s confidence in government. The Executive Order builds upon the provisions of Chapter 51.

Two-Year Certification Process

Upon approval by the State Chapter 51 Review Unit, the Certification and Disclosure of Political Contributions form is valid for a two (2) year period. Thus, if a vendor receives approval on January 1, 2014, the certification expiration date would be December 31, 2015. Any change in the vendor’s ownership status and/or political contributions during the two-year period will require the submission of new Chapter 51/Executive Order 117 forms to the State Review Unit. **Please note that it is the vendor’s responsibility to file new forms with the State should these changes occur.**

State Agency Instructions: Prior to the awarding of a contract, the State Agency should first use NJSTART (<https://www.njstart.gov/bsol/>) to check the status of a vendor’s Chapter 51 certification before contacting the Review Unit’s mailbox at CD134@treas.nj.gov. If the State Agency does not find any Chapter 51 Certification information in NJSTART and/or the vendor is not registered in NJSTART, then the State Agency should send an e-mail to CD134@treas.nj.gov to verify the certification status of the vendor. If the response is that the vendor is NOT within an approved two-year period, then forms must be obtained from the vendor and forwarded for review. If the response is that the vendor is within an approved two-year period, then the response so stating should be placed with the bid/contract documentation for the subject project.
